Fax (867) 668-6362

Hear the call of the goldrush from the front doors of Casey's Bed & Breakfast. History beckons only steps away. You can explore on your own or take one of the guided walking tours offered in the City of Whitehorse.

Your private or semi-private accommodations - sitting room, breakfast nook, bath, shower and laundry facilities, with double, twin or queen beds - are clean, modern and comfortable.

Your hostess provides fresh flowers or a fruit bowl to welcome you. Each evening you can relax with a movie or a good book and complimentary beverage and snack. Choose your own wholesome breakfast from a variety of breads, fruit, cereals, yogurts, and cold beverages, with special Yukon jams, jellies and honeys to tempt your palate and give you a good start to the day. A heart-smart menu is available as well. Have what you want when you want it.

Smoking permitted outdoors in the garden or summerhouse.
