

# Whitewater Rafting

**The Most Famous Day Rafting Trip in the Yukon**

## Tatshenshini River

Enjoy a full day of rafting on the upper canyon of the famous Tatshenshini River! Our one day trips are offered daily from June through August. This is an extremely exciting trip suitable for all levels of paddlers.

**Advanced Rafting for Experienced Paddlers**

## Tutshi River

The Tutshi is a small, technical river located on the scenic Skagway Road. The Tutshi is one exciting ride, but it is not for everybody. It is hard to stop in the canyon, and "The Drops" are steep. There will be an option to walk all "The Drops" if you feel uncomfortable rafting them.
