

**THE BEST FISHING ADVENTURE
IN THE LAST FRONTIER!**

Fishing in the remote lakes of Canada's Yukon Territory's awesome wilderness remains one of the great adventures in the last frontier.

Let Wilderness Fishing Yukon fly you, your family and your friends to one of 9 secluded lakes 60 to 115 miles from Whitehorse, where with basic boating and fishing skills, you can enjoy some of the best fishing in the world.

These picturesque lakes, cold and clear, offer excellent fishing all summer with the peak months being in June and July. It is not uncommon to catch at least one fish over 20 pounds. Our lakes have produced Lake trout up to 50 pounds and Northern pike up to 45 pounds. Four of the lakes also have Arctic Grayling up to four pounds. All of the lakes have Whitefish and Burbot.

LIVE RELEASE

Guests are required to fish with single barbless hooks and release spawning size fish in order to maintain our high quality experience. Only small fish may be kept for eating in camp. Our guests prefer to measure, photograph and release their trophy and have a Taxidermist produce a replica that you cannot tell from a top quality skin mount. Guests may not take fish home from the lakes.

FISHING LICENSES

Licenses can be purchased from us.

WEIGHT LIMITATIONS

While we do not wish to restrict our guests too much we do ask them to travel lightly. WE DO NOT OVERLOAD AIRCRAFT. Any party that cannot stay within a limit of 300 pounds per person including all of their gear and groceries will be charged extra.

FEDERAL GOODS AND SERVICE TAX (GST)

A Goods and Services Tax is applied across Canada on most goods and services except groceries. Non-Canadian residents are entitled to a 50% rebate of the GST if deposits for their trips are received 60 days prior to their arrival in Canada.

OUR SEASON is from the last weekend in May to September 20th. Temperatures range about 10 degrees F cooler than southern Canada. The Yukon has a semi-arid climate with all day rains being quite rare. This dry climate also means less Mosquitoes and black flies than other parts of Northern Canada.

**FLY FISHING FOR LAKE TROUT
ARCTIC GRAYLING, NORTHERN
PIKE & WHITEFISH**

Fly fishing enthusiasts have discovered great sport catching Trout, Grayling, and Northern Pike on both dry and wet lines. Anglers who discover what the whitefish are biting end up having hours of enjoyment and very tired arms!

Our beautiful wilderness lakes have clear water, steep dropoffs and very few snags

TRY A WINTER VACATION

Coghlan Lake Lodge and Teehna Lake are available from mid-February to mid-April for those of you interested in dog-sledding, snowmobiling, ice-fishing, snowshoeing, skiing, and breathtaking Northern Lights. Six of our camps are located along the famous Yukon Quest dog sled trail. Inquire for details.

WHITEHORSE IS EASY TO GET TO

Whitehorse is the capital of Canada's Yukon Territory which is located North of British Columbia and East of Alaska. Whitehorse is situated on Mile 912 of the Alaska Highway. Some of our guests drive while most arrive by AIR. The best North American connections are through Vancouver, British Columbia; and Calgary or Edmonton, Alberta. Air Canada flies out of Vancouver and Air North flies out of Calgary, Edmonton and Vancouver. From Europe, Condor Airlines flies direct from Frankfurt Germany twice weekly on Tuesdays and Thursdays. We recommend guests give themselves 2-3 hours to clear customs in Vancouver. We also recommend guests plan to stay 1 night at a hotel in Whitehorse the evening of their departure from the lakes. This gives everyone some flexibility in case weather restricts float plane access to the lakes.

SEVEN OUTPOST CAMPS TO CHOOSE FROM

The outpost camps can accommodate parties from 2 to 12. We have only ONE camp per lake and ONE party per camp. If we book 2 people into an 8 man camp, for example, those 2 people have the camp all to themselves. LYN Lake has a 2 man camp, KEN and 10 MILE have 4 man camps, FRANK, MANDANNA, and DRURY lakes have 8 man camps, and CLAIRE Lake has a 12 man camp. Deep 14' boats are supplied based on 2 fishermen per boat.

COGHLAN LAKE LODGE

The best way to describe the lodge at Coghlan Lake is as a three bedroom log house in the wilderness. The main floor is log with a kitchen, dining room, and living area. The upper floor has three bedrooms and an indoor bathroom.

Features:

- Hot & Cold Running Water
- Shower
- Sauna
- Flush Toilet
- Gas Barbecue
- Dish & Bath Towels
- Two Way HF Radio
- Sheets & Bedding
- 1 Single & 1 Double Bed Per Room
- Full Size Gas Range & Refrigerator
- Complete Cooking & Eating Utensils
- 12 Volt DC Electric Lights Upstairs
- Gas & 12 Volt DC Lights Downstairs
- 3 Deep 14' Boats with 9.9 hp Motors
- 1 20' Pontoon Boat with 30 hp Motor
- Life Jackets or Cushions, Landing Nets, etc...
- A Tractor to transport your gear to and from the dock.

YOU PROVIDE ONLY groceries, personal gear, fishing tackle, license and expenses in Whitehorse.

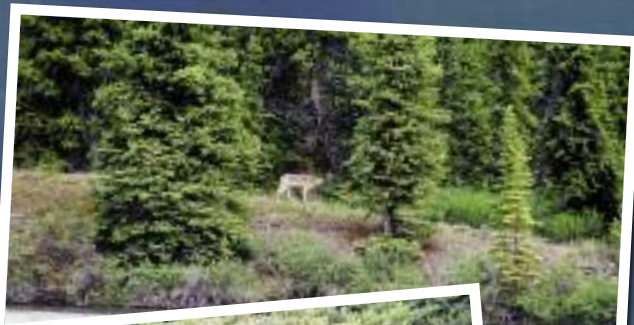

TEEHNAH LAKE

Teehnah Lake offers a little more than just good fishing. Teehnah is a great place for people who are interested in hiking and exploring. Well marked horse trails allow guests to hike to and explore two other lakes with canoes on them. Teehnah Lake is the best lake for naturalists and wildlife viewers. The cabin at Teehnah is a step up from the outpost camps but is not as fancy as Coghlan Lake Lodge.

Features include:

- Hot & Cold Running Water In Kitchen
- Well-Equipped Kitchen
- Wood Stove With An Oven For Baking
- Two-Burner Propane Stove
- Propane Lighting
- Canoes - 3 Canoes
- Sauna
- Tack Room
- Hiking Trails

- Hot and Cold Running Water With Sink In Shower Room (hot showers!)
- Boats - 2 14' Aluminum With 8 hp and 9.9 hp Outboards

UNSPOILED WILDERNESS

Our camps are fully equipped so that you may enjoy the wilderness setting undisturbed. Our boats have the required safety equipment, but it is up to the Party Leader to ensure that a sufficient number of party members have enough boating experience to operate the boats safely. As our trips are unguided, we are not responsible for the actions of our guests. Guests must take care not to harm wildlife or the environment.

ONLY ONE PARTY PER CAMP ONLY ONE CAMP PER LAKE

YOURS TO ENJOY AT YOUR OWN PACE!

All the camps are self-guided*. The lakes are small enough so that guides are unnecessary, therefore you may enjoy the wilderness unrestricted by formal meal hours or schedules. Our forest-surrounded lakes are located in scenic settings. Under 24 hour daylight of early summer, the avid angler can cast or troll to his or her heart's content, or just relax and enjoy nature. There are bald eagles, loons, ravens, arctic terns, beavers, lynx, mink, marten, caribou, moose and bear to watch and photograph in their natural setting.

*Guided trips available upon request.

HORSE PACKING ADVENTURES

For those of you who love the outdoors, horses, good food and great company, this is the trip for you. Join us as we enjoy our annual moose hunt by horseback.

Clients will spend 10 days in the pristine wilderness horseback riding, hiking, canoeing, wildlife watching, berry picking and fishing. Come along as we search for the largest member of the deer family, the mighty moose! Comfortable spike camps a day's ride from the main cabin at Teehnah will be available to give us the ability to explore new country with the horses.

Area wildlife includes grizzly and black bear, caribou, wolf, otter, beaver, muskrat, moose, mink, martin, weasel, wolverine, and birds of many kinds.

This trip takes place in September from the 10th until the 20th. We have four spaces available each year.

PACKAGE RATES INCLUDE:

Our outpost camps are neat, clean cabins which are fully equipped with your comfort and convenience in mind. Included are:
